Press Release

Summit 7 Systems Recognized as #13 on the 2011 CRN Fast Growth 100 List

Huntsville, AL, October 10, 2011: Everything Channel announced that Summit 7 Systems achieved the #13 ranking on the 2011 CRN Fast Growth 100 list. The list recognizes the fastest growing solution providers in North America. Companies on the Fast Growth 100 list average a two-year revenue growth of 130 percent and average annual sales of products and services of \$172 million. The ranking is based on two years' growth of net sales from calendar year 2008 to calendar year 2010.

Summit 7 Systems ranked as #13 on the list by achieving a 2 year growth rate of 361%. It has continued its growth into 2011 and is on track to double year over year net sales again. Summit 7 Systems is one of only 2 companies from Alabama to make the list. "We are excited to be included in the CRN Fast Growth 100," said Ben Curry, Managing Partner of Summit 7 Systems. "Our team is committed to continual innovation of our customers' processes and technology. Our ability to implement technology solutions that truly align with organization's strategic objectives has been a key to our success. We have one of the best teams in the business because not only are they top technology professionals, they understand how to design solutions that align with, and support, an organization's culture. As a result, our customers have sustainable solutions that can endure change."

"This year's Fast Growth 100 list reflects the high growth potential for solution providers offering innovative products, solutions and services," said Kelley Damore, Vice President and Editorial Director for Everything Channel. "Despite an uncertain market, VARs investing in new technologies and services are still growing at a significant rate - a testament to their hard work and ability to truly understand their customers' needs. We congratulate Summit 7 Systems on their well-earned success."
